Mr. J. George Sotter
Sotter Engineering Corporation
26705 Loma Verde
Mission Viejo, CA 92691

Dear George,

It appears that our floor slipping problems have dramatically lessened since we have been using the commercial floor-cleaning machine you recommended. Effective immediately, we would like to limit the testing of the slip resistance of the kitchen floor to annually. Prior to May 2007, please contact Executive Chef Christian Reber to arrange a date for the assessment.

Thank you for your diligence in managing our floor maintenance and safety.

Sincerely,

Bruce W. Pruitt, CCM
